RAILWAY STRIKE
NEGOTIATIONS
MORE CONFUSED

Outwardly, at Least,
Prospects Not So
Bright.

Leaders Are Not So
Free in Optimistic
Statements as on
Thursday.

Cabinet Meeting
Waits While Pres-
ident Confers With
the Brotherhood
Chiefs.

By Associated Press Dispatch.

WASHINGTON, AUGUST 25.—
RAILWAY STRIKE NEGOTIA-
TIONS RESOLVED THEMSELVES
TODAY, OUTWARDLY AT LEAST,
INTO A MORE OR LESS CONFUS-
ED STATE.

Expressions of optimism from
both sides were not so free as
they were yesterday, and feeling
heretofore generally among
the managers that a plan to in-
clude the eight hour day would
be found was not so evident.

Some of the railway executives re-
verted to their prediction that it
never would be conceded.

President Wilson kept his Cab-
inet meeting waiting an hour while
he conferred with the four brother-
hood heads.

All parties to the conference
steadfastly refused to say what was
talked about.

For the executives, this statement
was issued:

"The executives are understood to
be studying the form of a communica-
tion to the President."

Some of the more optimistic still
had hopes of a final decision being
reached before tomorrow night.

The opinion that the eight hour
basic day will not be conceded ap-
parently is growing.

The executives and managers de-
voted practically no time today to
consideration of freight rate in-
creases or settlement of future
strikes, but centered on the length
of the working day and pay.

Many executives are willing to
concede an eight hour day with the
understanding that it shall not only
be the maximum work day but also
the minimum—in other words, that
the present practise, by which an
employee may get pay for a day and
a half, or even two days, when he
works only ten or twelve hours, will
be eliminated.

The brotherhood heads declared
they were standing on President
Wilson's plan and had not chang-
ed their attitude in the least.

STANDING FIRM

By Associated Press Dispatch.

Washington, August 25.—As the
conferences among the railroad ex-
ecutives progressed, it was said the
Presidents of the roads were stand-
ing more closely together for arbi-

tration than at any time since they
had assembled here, and that some
of those who were at first for ac-
cepting President Wilson's plan
had been brought over to a major-
ity which was described as standing
"back to the wall."

It was indicated that the com-
munication being prepared for
Wilson would contain a further in-
istence on arbitration.

GERMAN SHIP
AT NEW LONDON

Interned at Boston
Since Beginning of
War.

By Associated Press Dispatch.

New London, Conn., August 25.—
The German steamer Willehad,
which was interned at Boston at
the outbreak of the European war
and sailed from Boston yesterday,
arrived here this morning and came

directly up the harbor to the new
state pier, on which are forwarding
sheds of the Eastern Forwarding
Company, the American agency for
the German line of submarine mer-
chantmen. She is expected to tie
up here for an indefinite period.

SAY BREMEN
IS CAPTURED

New York News
Agency Gives Sen-
sational Report.

By Associated Press Dispatch.

New York, August 25.—The New
York City News Association quotes
an officer of the English merchant
marine today as saying the subma-
rine Bremen has been captured by

the English, and that 33 of her
crew of 35 have been captured.

The Bremen is said to have been
captured in a steel net off the
Straits of Dover, August 2.

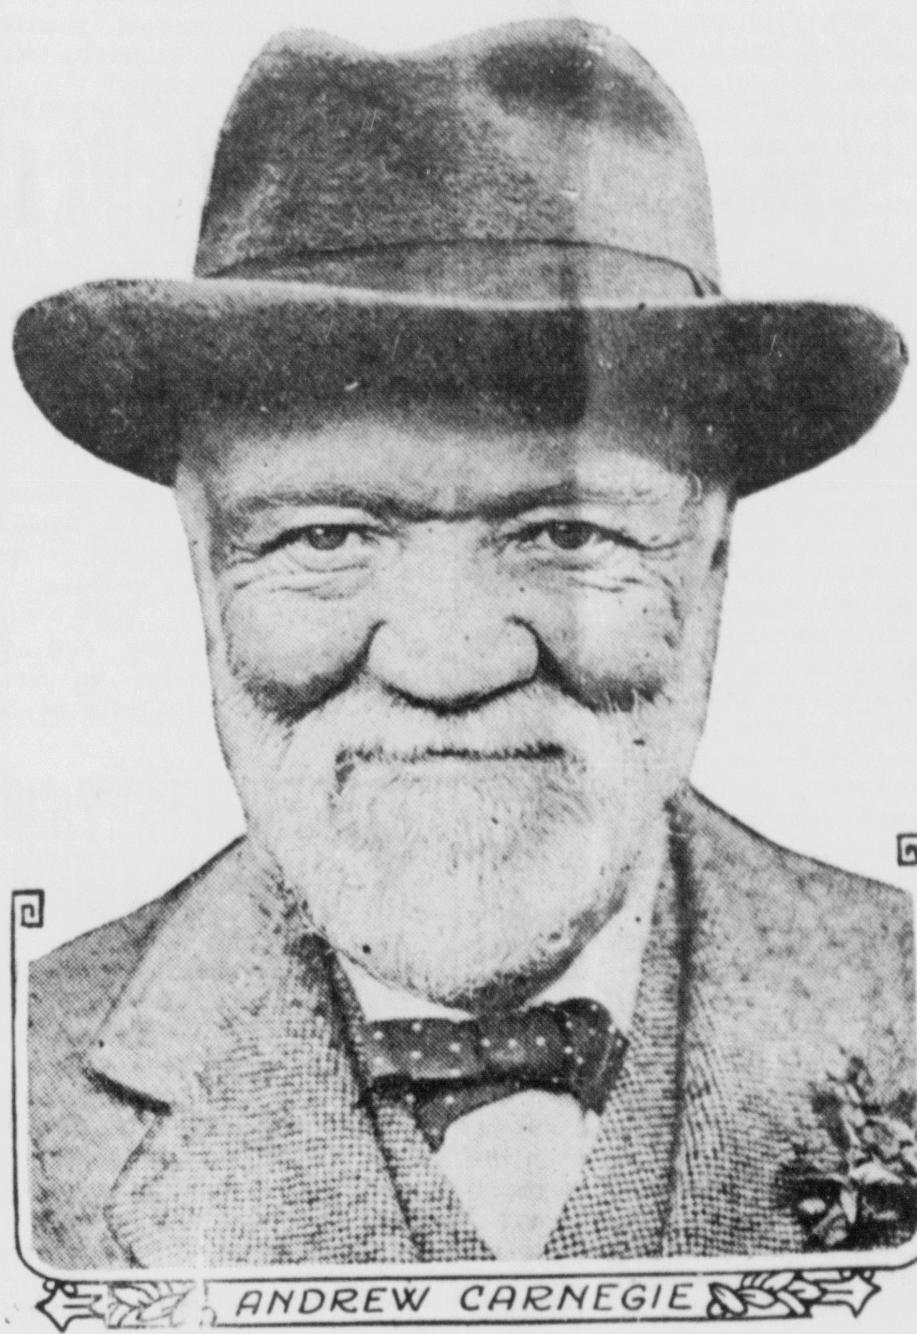

THE FINANCES

CARNEGIE, EIGHTY, IS NOT ILL
HE SAYS, ONLY HE IS "TIRED"

ANDREW CARNEGIE

Reports from Bar Harbor, Me.,
where Andrew Carnegie is spend-
ing some time, say that he is look-
ing feeble. After cruising in his
yacht, the Surf, for two weeks Mr.
Carnegie and his party arrived at
Bar Harbor. Mr. Carnegie had
great difficulty in stepping from the
launch to the pier. He leaned heavily

on the arms of his attendants
as he walked to the automobile, and
he was noticeably exhausted. "I
am not sick. I only feel tired," he
told questioning friends. Mr. Car-
negie celebrated his eightieth birth-
day on November 25. The accom-
panying picture is made from a
very recent photograph.

BIG DROP

Infantile Paralysis
Death Rate Shows
Big Decrease.

By Associated Press Dispatch.
New York, August 25.—The epi-
demic of infantile paralysis showed
another big drop today in the num-
ber of new cases and deaths, report-
ed.

During the 24 hours ending at
10 a. m., there were 22 deaths and
94 new cases, the lowest number in
a month. Yesterday there were 31
deaths and 109 new cases.

were today planning adjournment
next Friday or Saturday.

Senator Simmons, Chairman of
the Finance Committee, said he be-
lieved it could be done unless un-
foreseen developments arose.

Democratic Senate leaders an-
nounced their intention to pass the
general deficiency bill when it comes
to the House next Tuesday, then
pass the revenue bill and adjourn.

FRENCH
CHECK
ATTACK

Germans Make Un-
successful Night
Assault in Maure-
pas Sector.

French May Extend
Offensive.

Russians Resume
Advance Along
Entire Turkish
Front.

Zeppelins Near Lon-
don.

(Associated Press Cable.)
London, August 25.—

Although the Germans made a
heavy attack last night in the Maure-
pas sector, north of the Somme,
the French hold Maurepas village,
complete occupation of which by
French troops as announced last
night, has not been shaken, ac-
cording to the Paris official bulle-
tin today.

The assault delivered against
Hill 121, near Maurepas, was re-
pulsed with heavy losses to the
Germans, the statement says.

Intimations in press dispatches of
a possible extension of the French
offensive south of the Somme for a
distance of 30 miles from Estres to
Lessigny seems further borne out
by today's announcement of the con-
tinuation of heavy bombardment in
that sector.

The German lines in the vicinity
of Lessigny and Roye are being
heavily shelled.

Dispatches from Petrograd an-
nounce that the Russians have re-
sumed their advance along the en-
tire Turkish front.

The armies in southern Armenia
have shown marked recuperative
power after severe reverses, ad-
vancing rapidly and reoccupying
Mush.

The evacuation of Bitlis, 12 miles
south of Lake Van, is now reported.

In another Zeppelin raid over the
east coast of England last night, at
least one airship worked well in-
land, and official dispatches indi-
cate that the aircraft have ap-
peared near London.

The official statement says that
nine persons were injured, some
fatally, but reports on casualties
are still incomplete.

ALLIED SUCCESSES

The official statement from Ber-
lin today admits the capture of
Maurepas, on the Somme front, by
the French.

The British on the Somme front
have pushed further along the Long-
ueval-Bapaume road, advancing
their lines several hundred yards
each side of that highway.

This gain serves still further to

hem in Guillemont, which the Ger-
mans are stubbornly holding.

On the Austrian frontier the Ital-
ians are continuing their offensive
and report progress.

Eight persons were killed and 36
injured in a Zeppelin raid over
England last night, London an-
nounced today. One hundred bombs
were dropped. One Zeppelin reached
the outskirts of London.

NEW RECORD
FOR JULY

Month's Total Ex-
ports Fall Below
June.

By Associated Press Dispatch.
Washington, August 25.—American
foreign trade during July
amounted to \$40,000,000 more than
the same month last year and set a
new July record.

It was \$72,000,000 less, however,
than the total for June, which was
the record month in the country's
history.

July imports were \$183,000,000,
and exports were \$446,000,000.

The year completed with July set
a new yearly record in foreign trade
with exports and imports mounting
to \$6,748,000,000.

LANSING FORWARDS THE LISTS

Number of Employees Added to His Department.

MADE NECESSARY BY WAR

Senators Penrose and Sherman Sharply Attack the Proposed Munitions, Inheritance and Other Sections of the Revenue Bill—Herrick's Primary Election Expenses Receive Airing in the Senate.

Washington, Aug. 25.—Secretary of State Lansing forwarded to the senate, in response to a resolution by Senator Penrose, a statement showing the number of employees added to the state department's force during the present administration. From August, 1914, to July 1, 1916, the statement showed 156 temporary employees were appointed in connection with vastly increased department duties arising from the European war conditions—the relief and protection of Americans abroad. Their employment covered periods varying from two weeks to 22 months.

"Because of the urgency of the situation," Secretary Lansing wrote, "and the pressure confronting the department, it was necessary to secure these needed temporary clerks in the shortest possible time and not to await the usual and necessary delays incident to certification from the eligible temporary list of the civil service commission."

Senators Penrose and Sherman consumed most of the time in the debate on the revenue bill. The Pennsylvania senator attacked particularly the proposed munitions and inheritance taxes. He also criticized the tariff commission board created by the bill. Sherman attacked the proposed income tax increases as unfair and inequitable and assailed the Democratic tariff. "This present tariff law is a mongrel," he said. "It is a mixture, born of the tariff for revenue and the competitive tariff, and, like a mule, has all the unholy aspects of both ancestors and the virtues of none."

Democratic senators opened fire on Myron T. Herrick and assailed him for alleged excessive expenditures in his race for the Republican senatorial nomination. Senator Kern, chairman of the senate committee on privileges and elections, said that Mr. Herrick's campaign expenses undoubtedly will be investigated by the senate if he

FEDERATION OF BIBLE CLASSES MOVES RAPIDLY

From Chillicothe comes reports of the rapid progress made in the federation of the men's Bible classes throughout this part of Ohio. Wellington is the latest town to join the movement.

Concerning the movement the Chillicothe Gazette says:

"According to members of the Union Bible Class of the Walnut Street M. E. church, it will not be long before some of the results of the efforts on the part of that organization to effect a state-wide Bible class organization will commence to be seen."

"It is planned to send members of the local class to practically all of the towns and cities in this part of the state within the next few weeks, to get the various Bible classes interested in the movement inaugurated by the Union Class."

"The plan inaugurated sometime ago by the Walnut Street M. E. class is to get the Bible classes in the various counties in the southern portion of the state to perfect organizations and to select some members of the organization who shall act as a member of a general executive committee."

"This committee in all probability will meet sometime before the middle of the month of September for the purpose of preparing a program for the general discussion of the subject at a meeting to be held the second Sunday in October. It is also probable that some national authority will be secured to speak on this occasion upon the value of an organization such as the one proposed."

"Eventually it is planned to extend the organization all over the state and a meeting will probably be held sometime during the coming winter to discuss this matter."

DISTANT PARTS OF EARTH HAVE BEEN SEARCHED

Products of Every Country in the World Have Been Tested For Tanlac Ingredients

With the epidemics of stomach trouble, catarrh, kidney and liver ailments that sweep o'er the country from time to time, there was plainly shown the necessity for a great reconstructive tonic.

As this need became more and more apparent, learned minds set to work to gather the ingredients for this tonic—one that would answer the purposes of a general reconstructive tissue builder and blood maker.

The yield of the earth was carefully tested; the mineral, the animal and the vegetable products, and after careful analysis it was admitted that the vegetable kingdom possessed the much-sought-for elements, because it contained more life-giving properties.

To this end even the most remote parts of the world were searched for vegetable ingredients to make the greatest reconstructive tonic known to man; such was the birth of Tanlac.

That Tanlac has surpassed even the greatest expectation is proven a hundred, yes, a million, times by the statements from people who have taken it for indigestion, dizzy spells, sleeplessness, rheumatism, back ache, neuralgia, stomach, kidney and liver ailments.

These statements contain overwhelming evidence in favor of Tanlac. They prove beyond the question of a doubt the reconstructive powers of Tanlac. They show facts to minds that are in the least skeptical. They leave no room for anything but the truth; that Tanlac is a wonderful builder.

Tanlac is now being introduced in Washington C. H. at the Blackmer & Tanquary Drug Store.

Tanlac may be obtained in the following nearby towns, Sabina, J. J. Spurgeon; Wilmington, Harry Christopher; Jeffersonville, J. B. Davis; Jamestown, W. F. Harper; Greenfield, Harry Christopher; Bainbridge, A. W. Fetter; Anderson, C. A. Graves; Chillicothe, Muscillier Pharmacy; Leesburg, Chas. W. Feller; New Vienna, W. C. Higley; Austin, William M. FIRST FARMERS' PICNIC IN WAYNE TOWNSHIP

Wayne township held its first Farmers' picnic under the auspices of the Good Hope Farmers' Institute Thursday in the R. B. McCoy grove one mile this side of Good Hope.

Notwithstanding that there were many counter attractions in the county 500 people assembled and the day proved such an unqualified success that the wish to make the picnic an annual event was freely expressed.

The grove was ideal for the gathering, rising above the level sufficiently to invite every breeze and the fine old trees of unusual luxuriance.

The Milledgeville band, which is becoming almost an indispensable adjunct in these county picnics, played spiritedly throughout the day and the committee had provided various diversions to entertain the crowd.

The speaker of the day was Prof. C. O. Lantis, of the Ohio State University, who was introduced by the president of the Institute, Mr. C. R. Lyle.

Prof. Lantis made a practical address on "Community Building," advocating many ideas for the encouragement of sociability and closer intercourse in rural communities and urging the importance of this factor in the growth and prosperity of the people.

People lingered late in the afternoon patronizing the various booths and enjoying the sports.

Cashier Omer Clark, of the Good Hope Farmers' Bank, gave a base ball to the boy who could put a 12 pound iron ball farthest over the line. This was won by Eldridge McKinney. Prizes were also awarded in the sack race, potato race, peanut race and string chewing contest.

The success of the picnic was due to the untiring efforts of the committee, C. R. Lyle, president; Robert Free, secretary, and the eleven members of the Institute Executive committee.

The committee felt highly gratified over the response to their efforts in both attendance and interest.

DEADLY GASOLINE FACTS ABOUT IT

By using gasoline for cleaning

fabrics Americans fire more than 20 houses for every day of the year,

says State Fire Marshal Buckley in his latest fire warning.

Still worse, the careless handling of gasoline burns to death more than 20 persons each week in the United States, and dangerously burns three times that many, leaving permanent and ugly scars.

Burns from it have disfigured or destroyed thousands of children and mothers.

Gasoline, the liquid, cannot ex-

plode. If set afire it burns quietly. It continually gives off an invisible vapor which makes the air with

which it is mixed a high explosive—six times as dangerous as powder, but it is sold to children to wash their hair ribbons in; sold as freely as candy.

The vapor of gasoline does not rise as other vapors do, to be wafted away, but being slightly heavier than air, will be drawn up to any

blaze of any stove or gas jet by the current of air created by the stove or light.

Gunpowder is inert till a spark

or blaze is taken to it, but this

ghost of gasoline hunts a blaze to explode it. Gasoline if warmed will burst the can containing it while gunpowder will not.

Gasoline gives off this vapor all the time. If the air in a room is one-fifth gasoline vapor, it will explode with greater force than if it were a roomful of powder.

The use of gasoline for washer should be limited to the so-called "dry" cleaning establishments in which its handling is regulated by law.

Don't Get Angry

Only within the last score of years have people, generally, come to realize that giving way to anger and rage uses up the vital physical force at an appalling rate.

For a long time keeping one's temper under control, refusing to become angry or wrathful, spiteful or revengeful, was regarded only as a moral victory.

Of late years, however, nearly every one has come to realize that a fit of anger consumes physical strength at a rate almost equal to a spell of fever.

Not only has the human being who refuses to allow the "angry passions to rise" attained a great moral victory, but he has saved, of his store of physical power and energy, that which will reward him in the years to come.

Many people make the statement that "they can't help losing their tempers." They could if they would fully realize the effect. Anger burns up physical energy uselessly. If people could be brought to realize that they would have less trouble in curbing their anger.

People would not put their hands in the fire and burn them off or even injure them—render those useful members less serviceable. But there are all too many who will kindle the fires of anger and allow them to rage unrestrained, consuming their reserve physical force and taking years off their lives.

Anger is the height of folly—mental weakness, some folks call it, and after all that's about what it amounts to. It's suicidal to make no effort to control a fire which is consuming the vital force.

The Deutschland Safe

Americans, entirely neutral in regard to the war, were very much interested in the spectacular voyage which the brilliant and dashing captain Paul Koenig began on August first, when he steamed down Chesapeake Bay and out through the Virginia Capes as unconcerned, to all appearances, as though he was participating in a naval review in Keil harbor.

Americans will not soon forget the picture which Captain Koenig and his brave crew presented on the deck of the Deutschland, waving adieu to friends on shore, as they left the pier, nor will they soon forget his words of gratitude and commendation for the treatment he had received here.

All the world loves a good sport and it is an impossibility for generous, wholesouled folks not to want the fellow who has the odds against him to win out in his undertaking.

Every since the Deutschland dropped below the surface of the water of the bay and watchers on shore saw the circles widen from the place until finally only the placid surface of the sea was visible, there has been much speculation and anxiety. Rumor has had the Deutschland caught in the nets of the Allied battleships waiting off the capes and rumor has had the Allied battleships waiting off the capes and rumor has had her resting in a sheltered nook along the shore waiting the opportune time to make the dash.

A few only believed that Captain Koenig would sail straight out to sea, ignoring the presence of the enemies' boats.

That is what it seems he did do.

The whole world applauds the safe arrival of Captain Koenig, his crew and his vessel.

The Initial Step Taken

It is a pleasure to again extend congratulations to the Dutch Treat Club, on account of progressive action.

In inaugurating Thursday noon a move to investigate the charter form of government for Washington the club has taken the initial step in another movement which will assuredly result in good to the city.

The practical benefit to Ohio municipalities, especially the smaller cities, of a charter form government is no longer a question of doubt.

Again and again has the "experiment" proven successful—so often in fact that the new plan has long ceased to be regarded as an experiment.

The less progressive, less daring, if you please, communities whose people, a few years ago looked with disfavor on the proposal to make so radical a change, have, by being brought face to face with the stern handicaps which the system now in use in Washington imposes, been compelled to realize that something must be done.

While tax rates have been limited by law the amount of taxes paid has increased. Public demands and public necessities have grown and yet the public service is falling steadily in efficiency.

The explanation is too much lost energy, too much expense to maintain useless offices, too much politics, a lack of direct business methods and all the other annoyances, hindrances and evils which accompany mismanagement.

The remedy is to abolish the plan of government which presents and encourages such conditions and the adoption of a plan which will, properly followed, guarantee efficiency and results—adopt a charter which will provide for and insure fewer offices and direct business methods.

Poetry For Today

AUTUMN ROAD.

The year has taken the old September trail,
And it's led her by the way I used to pass,
Where asters, starry-eyed, come crowding either side.
And sunlight's yellow on the dusty grass.
There ranks of russet goldenrod are set,
And milkweed's shimmering silver sails the air,
While a ruddy ivy vine threads the fence a scarlet line,
And deep content is brooding everywhere
In a peace that is a prayer.

I am thinking, when my summer days are done,
And the year that was youth is turning, slow—

Will there still be glints and gleams
in the old desires and dreams,
Will they take a brave new beauty
as they go?—

With a rift of red and gold across the brown,
And a grace of blue and silver, suddenly—

Oh, I pray my heart remembers the look of past Septembers,
That my Autumn road of life at last may be

A way like this for me!

May Lose Compensation.

Columbus, Aug. 25.—George Taylor, Murray City coal miner, was hit in the eye several months ago by a piece of coal. He lost his sight and got \$500 compensation. Last week he was struck on the head by another piece of coal and the sight of his injured eye came back. The state industrial commission is confronted with this problem: Shall Taylor get a second award or refund the first one?

Why He Was on Time.

Beranger was one day complimented by a lady on the punctuality with which he kept his engagements. "It is a pleasure," said she, "to invite you to dinner, for you never make us wait."

"I am no longer young, madam," replied the poet, "and experience has taught me one thing—it is dangerous not to arrive at the precise hour, for the guests who are waiting for you will pass the time in discussing your faults."

A Rising Concern.

"So you've invested your money in a new airship company?"

"Yes. If our airship goes up the stock will go up."

"But suppose it doesn't?"

"Then the company will go up."—Boston Transcript.

PRAISED BY KAISER

Return Trip Across the Atlantic Was Uneventful.

Berlin, Aug. 25.—Emperor William expressed the intention to bestow decorations on the personnel of the German submarine Deutschland, which reached Bremen after a 23 days' voyage from the United States. The emperor heartily congratulated Captain Koenig and his men.

The Deutschland, in addition to her cargo of rubber and nickel, brought three mail bags from Ambassador Bernstorff, said to contain important documents.

During the whole journey of 4,200 miles, the Deutschland was submerged only for 110 miles. Few vessels were sighted. The weather was splendid at the beginning of her voyage, but became stormy later.

The blow ceased as the Deutschland approached the English coast, but some difficulty was experienced because of the heavy fog. The necessity for feeling her way slowly in the thick mists delayed the Deutschland's arrival several days.

Upon entering the North Sea the submarine encountered severe storms. She proved an excellent sea craft, her engines working perfectly despite the fact that she was being rolled by mountainous waves.

The Deutschland eluded at least eight English warships and a whole fleet of fishing schooners, in the employ of the alleia, when she darted into the Atlantic from the Virginia Capes on Aug. 2.

Captain Koenig telegraphed the Ocean Reederei company, owners of the Deutschland, that the United States government observed strict neutrality throughout the Deutschland's stay in Baltimore.

AGED MAN IS KILLED NEAR AUSTIN TODAY

Morning Passenger Train on C. H. & D. Strikes John Cole, Who Failed to Hear Approach of Train—Was Father of Mrs. McCurdy in This City.

John Cole, 75 years, met instant death while walking on the C. H. & D. railroad track between Frankfort and Austin about 8:45 Friday morning, when the west bound passenger train, due here at 9:28, struck him, severing one leg, crushing his head and cutting and bruising his body.

The accident was due to the man's deafness, and occurred after warning had been sounded by the engineer and efforts made to stop the train when he saw that the warnings were not heeded.

The train was stopped immediately after the tragedy and the remains carried into Austin to be turned over to relatives.

Mr. Cole was a farmer, and resided with his daughter, Mrs. Ella Wilkins on his 25 acre farm near Austin. He had been to Frankfort and was on his way home.

The deceased was the father of Mrs. Mat. McCurdy, of this city, who was notified of the death of her father and prepared to leave at once for the home of her sister.

So far as known no blame attaches to the engine crew, the man's death being due to his inability to hear the approaching train until too late to escape.

DOG ATTACKS AND BITES SMALL BOY

About noon Friday Howard, five year old son of Mr. and Mrs. Jess Thompson, of South Fayette street, was attacked and bitten by a large dog, a strange one in that part of the city.

The animal inflicted a painful bite on the lad's hip and another one on his wrist. Humane Office Gooderl and Officer Judy were summoned and killed the animal and another one which had been fastened under a veranda.

In order to make sure that the animal was not suffering of hydrophobia its head will probably be sent to Columbus for examination.

The officers believe that it was not suffering of hydrophobia.

CAPIAS ISSUED FOR ARREST OF "RABBIT" SMITH

Constable Accused of Brutally Beating Dog, Fails to Appear for Trial and Order for His Arrest Follows—Was on Own Recognition.

When Constable J. Albert (Rabbit) Smith failed to appear for trial before Mayor Oster, Friday morning, a capias was issued by the Court at the request of Attorney Pope Gregg, for the arrest of Smith and his appearance before the Court.

Smith was charged with the inhuman beating of a fine shepherd dog which he left for dead, but

which revived. The animal had been left in an alley, presumably by Smith, who had been paid \$1 to take the dog away and dispose of it properly.

After making two or three efforts to employ an attorney, and presenting the names of three witnesses, one of whom declares he knew nothing about the affair, Smith failed to appear at the appointed hour. He was on his own recognizance.

At nine o'clock all witnesses and State's attorneys were at the Mayor's office, and neither Smith nor his attorney showed up during the hour until ten o'clock.

The non appearance of the man is taken as an acknowledgement of his guilt.

The last seen of the man, so far as the court could ascertain, was Thursday night. Prior to that he had accosted some of the State's witnesses and endeavored to find out the extent of their knowledge of the crime.

The Humane Society is back of the case.

MAKES LONG TRIP IN FORD MACHINE

Mr. H. W. Kier, who some four years ago was employed in the Tracy Barber Shop in this city, arrived in this city Thursday afternoon from San Antonio, Texas, and left Friday morning for Detroit. He was making the trip in a Ford touring car.

Kier, who is now with the South San Antonio Industrial Company, left San Antonio August 2nd, and arrived in St. Louis August 10th, after stopping nearly three days on the road. He had two other young men with him when he left.

He arrived in Indianapolis the evening of the 10th and has since been in that city and at various points between there and this city.

He states that the worst roads encountered on the entire trip are those in Ohio. He had had little tire trouble and in fact the only difficulty experienced was a broken spring.

Arriving in Detroit he will spend the winter in the realty business.

PERMITS ISSUED BY HEALTH OFFICER

Anyone in this city desiring to go east to points where rigid quarantine for infantile paralysis is established, must have a health permit if they are under 16 years of age, and Health Officer Byron has issued one or two such permits in the past few days, and has had application for additional permits.

In this way the parties, when they arrive at the quarantine line, are passed without further question. Failure to have proper permit and a person is refused admittance to some of the restricted districts.

SPECIAL COACH ON OKLAHOMA LANDS

Mr. R. R. Batten was in this city Friday arranging for location for a special car of land exhibits now in Dayton, which is to arrive in this city Saturday, and will be located on South Main street, near the freight office. The car will remain here several days.

The Oklahoma Indian Land Service car is sent out by business men of Oklahoma, it is announced, and the exhibit will be one which will give local citizens a good idea of the best that can be offered from the land in question.

It is stated that the special is for exhibition purposes alone, and no land is sold on the car. Lectures will be given by those in charge. No admittance is charged.

Those visiting the car will be told how they can obtain lands which formerly were in Indian territory. This land is to be thrown open for settlement in the near future.

DISTRIBUTION OF THE TAXES

How Fayette's Largest Tax Collection Is Distributed—City Gets Big Slice of Amount Due in Advance of Distribution—Where Road Fund Goes.

The semi-annual distribution of taxes has been made by Auditor Pine, and the funds are now available in every taxing district in the county.

Two Mill Distribution.

Distribution of the two-mill road levy has been made as follows: Concord \$1829.84; Green, \$1337.29; Jasper, \$3294.77; Jefferson, \$5237.09; Madison, \$2449.46; Marion, \$2249.46; Paint, \$3887.76; Perry, \$1486.53; Union, \$13,531.67; Wayne, \$3318.65. Total \$38,597.81

Corporation Funds.

Following is the distribution of corporation funds: Milledgeville, \$237.28; Octa, \$198.91; Jefferson, \$1360.59; New Holland, \$117.25; Bloomingburg, \$742.19.

For Washington the total advances made, or amounts drawn prior to the distribution, reach \$11,500.00, and this amount from the total fund of \$25,332.35 leaves a balance of \$13,832.35, and election expenses, which are figured off all distributions, brings the total down to \$13,250.72. To this amount is added \$240.22 inheritance tax.

In this city the street assessments collected amounted to \$2548.51. It is significant to notice that \$12,506.70 of the total amount distributed is for the interest and sinking fund.

Township Funds.

For township purposes the distribution August settlement is Concord \$1822.26; Green, \$1380.40; Jasper, \$3100.67; Jefferson, \$4773.04; Madison, \$2371.97; Marion, \$2110.28; Paint, \$3720.68; Perry, \$1480.35; Union, \$6377.23, less advance of \$4,000; Wayne, \$3270.71.

School Funds.

Concord, \$314.22; Green, \$1974.40; Jasper, \$1445.48; Jefferson, \$5303.29; Madison, \$3371.13; Marion, \$2114.71; Paint, \$2316.36; Perry, \$2289.45; Union, \$3245.41; Wayne, \$9125.62; Milledgeville, S. D., \$742.25; Jeffersonville, S. D., \$2793.10; White Oak, S. D., \$1035.34; Pickaway County, \$571.10; Madison county, \$63.17; Bloomingburg, S. D., \$4343.49; Washington, \$20,555.25; Children's Home, \$41.74.

DOWNDAR MANACLED MAKES HIS ESCAPE

Ollie Downard, who has taken French leave of Camp Willis upon a number of occasions, and has been arrested and taken back, escaped from the guard house in Camp Willis and reached home in this city, bringing with him a pair of steel handcuffs which he had upon his wrists when he escaped, and which he had filed off, completely ruining them.

He promised to appear at the Sheriff's office Saturday and be taken back to camp. It is expected that he will be summarily dealt with upon his return to camp.

CLINTON BAPTIST ASSOCIATION MEETS

Fully 700 persons attended the opening session of the Seventy-first annual convention of the Clinton Baptist Association at the Garryer Chapel; four miles east of Jamestown, Wednesday. The association representing 18 churches closed the convention Friday.

Concerning the convention the Xenia Herald says:

"The forenoon session, was de-

voted to Sunday Schools, and was presided over by Harry Wood of Washington C. H. The address was given by Prof. John Samuel of Hillsboro, whose theme was "A Time Necessity."

"In the afternoon the principal speaker was Prof. Wilson Holmes of Granville, state Bible School Secretary, who gave a fine address on "Training Bible School Leaders." Other speakers of the afternoon were: Rev. Thomas Wooten of Blanchester, who speaks on "Responsibility," and Rev. Long of Frankfort, whose theme was "Paul and the Ephesian Elders."

A young people's rally was held in the evening, and much enthusiasm was developed at this meeting. Rev. Warjon of Greenfield, presided, and the speakers were: Mrs. Forest Allen of Milledgeville, who is well known for her literary work, and Dr. Holmes of Granville, whose theme was "Higher Service by Our Young People."

"Among those attending the convention are delegates from Columbus, Wilmington, Washington, Granville, Dayton, Greenfield, Frankfort and Chillicothe.

"An interesting visitor is a returned missionary, Rev. Pilbe of Rangoon, Burma."

REV. M. S. STOVER IS RE-ELECTED PRESIDENT

The election of officers of the Methodist Protestant Conference Assembly, which is now in session at Sabina, took place Thursday and Rev. M. R. Stover was re-elected president for the coming year.

Other officers chosen are:

Rev. Dr. A. L. Reynolds, chairman; Rev. R. E. Games, for the fifteenth time was elected Secretary; Rev. F. B. Obee, Assistant Secretary; Rev. Dwight L. Custis, Stewart; Rev. C. B. Doty, Statistical Secretary; Rev. J. F. Hinkle, Historical Secretary. Stationing Committee: Dr. M. R. Stover ex officio, Rev. Dr. M. M. Campbell, Rev. B. F. McKinnon, and Laymen H. A. Rowand and Clinton Butters.

Only one of the ministerial members of the conference died during the year, Rev. E. W. Price, D. D.

Rev. J. S. Swenk formerly of the Washington Circuit, is conducting the evangelistic services, and by the energy and zeal he is putting in the work the attendance and interest are increasing at every meeting.

BROTHER-IN-LAW IS INVOLVED IN CASE

The Burton Acord trial in which he is charged with forgery was being conducted in Mayor Oster's court Friday afternoon and some damaging evidence was offered in the case.

Additional interest was aroused when both James Ford and Harry Baughn stated they believed Acord's brother-in-law, Howard Rowland, was the man who had the forged check at the Ford Hardware store.

Mr. Ford stated that Acord did not look like the man. Mr. Baughn said he was the man and Rowland was with him.

BATHED PIGS TWICE A DAY.

At That, Neighbors of New York Complain to Health Board.

New York—Spotless town has been found. It is North Bergen, N. J.

Neighbors of Louis Tracassa complained to the board of health that he did not keep his five little pigs in clean and sanitary condition."

Tracassa appeared before the board to defend himself. With an aggrieved tone he told of his sanitary precautions.

"I give those pigs a bath every morning," he said, "and my wife bathes them every night. What more to you want? Should I get up in the middle of the night to wash them again?"

"How do you bathe them?" he was asked.

"In a tub," said Tracassa.

The board of health took the case under advisement.

5C LOAF IS TO BE ABOLISHED IN THIS CITY

Increased Price of Wheat and Flour to Result in Production of 10c Loaves of Bread, Beginning About Sept. 15—New Loaf to Weigh About 19 Ounces.

Indications are that the five-cent loaf of bread will be abolished by the bakers in this city about the middle of September.

The present five-cent loaf weighs approximately 12 ounces, and the 10-cent loaf which may be the cheapest produced here is expected to weigh 19 or 20 ounces.

While both bakeries have not fully decided what step to take as result of the greatly increased price of wheat, it is announced with some certainty that no loaf will be produced to sell under 10c, and if such is the case the price will be 6c per loaf, or the five-cent loaf very materially reduced in size, and this would be unprofitable to the baker and to the purchaser, it is claimed.

The Master Bakers have decided to produce only the ten cent loaf, as a means of keeping step with the increased price of wheat and flour.

Present contracts for flour, or rather present supplies of flour, will be exhausted within the next two or three weeks, and then the price of bread will take the threatened bound upward.

In Social Circles

The beautiful country home of Mr. and Mrs. D. C. McCune of the Robinson road was the scene of a pleasant surprise, Tuesday evening, given in honor of the eighteenth birthday of their son Herman.

The affair was planned and successfully carried out by the brother, Leland, who was assisted in the festivities of the evening by Mesdames Ollie Mae Hutchison, Elva Flesher and Elmer McCune and Miss Louise Weaver.

The evening was very pleasantly spent in games. Misses Gail Stockey and Loreah Rutledge gave several beautiful selections on the piano. The prize for the library contest was won by Rea Morgan.

Mr. Herman and Miss Loreah Rutledge led the way to the beautifully decorated dining room where a delicious collation was served.

At a late hour the guests departed, wishing Mr. McCune many returns of the day.

Those present were: Mr. and Mrs. Forest Morgan, Mr. and Mrs. Elmer Hutchison, Mr. and Mrs. D. C. McCune, Mr. and Mrs. Hershel Flesher, Mr. and Mrs. Elmer McCune, Misses Winnie White, Edith Crone, Mabel Hutchison, Clara Crone, Gail Stockey, Martha Garrison, Beatrice Gettles, Naoma Sessler, Lela Linegar Louise Weaver, Lucy Rife, Martha Wood, Mae Sollars, Loreah Rutledge, Martha Minnick, Bonnie Sours, Sada White and Barbara Weller; Messrs. A motoring party enjoying a dinner at Maple Grove and the band concert at Greenfield Thursday evening included Misses Mary Craig, Nina Dahl and Helen Harper, Messrs. Winchell Craig, Robert Willis and Ernest Woodward.

Friends in this city will be interested to learn of the marriage of Miss Mable Allen, the attractive granddaughter of Mrs. Melissa Allen, of near Sedalia, and Mr. Clyde Houpt, a young business man of Marion, O., which took place Thursday.

Mr. and Mrs. W. M. Rook motorized to London Thursday to attend the fair. They were accompanied home by their little granddaughter Thelma Blaine, who will visit with them a few days.

The young couple are taking an extensive lake trip before going to their home in Marion.

A pretty little birthday party was given Wednesday evening by Mrs. Roy Thompson, for her cunning little daughter Dolores, it being her fifth birthday.

Several little maids enjoyed games and a merry evening together.

The big white birthday cake was adorned with pink candles set in pink rosebud holders.

Light refreshments were served. A pink and white color scheme was effectively carried out.

Mr. and Mrs. Os Briggs and daughter motored over to London to the Madison County Fair Friday.

Messrs. Oscar Wikle, Calvin Holmes, Paul Carman and G. C. Gooderl spent Thursday at the London fair.

Mr. Jess W. Smith returned Thursday from New York, where he has been purchasing fall merchandise for his department store.

Mr. Albert Glascock came up from Cincinnati Thursday evening to join his family who are spending part of the summer here.

CLINTONS GET
NEW BACKSTOP

The Clintons are evidently serious in their promise to show the Athletics a good time at Wilmington Sunday. The Wilmington News of Thursday contains the following tip:

"Manager Powers has returned from Dayton, where he went to secure a catcher for Sunday's game. He succeeded in securing the services of Catcher Herring, who made a splendid showing with the Deleos in their game against the New York Giants Wednesday. He also caught at one time in the Central League.

Herring will relieve Emery, who will be sent to take Frey's place in left field.

"Umpire Thompson, also of Dayton, whose work at Washington C. H., last Sunday elicited such favorable comment, will be here to handle the indicator in Sunday's game.

The Athletic lineup will be the same as last Sunday, with Reno and Fetherlin behind the guns. Their victory of last Sunday has equipped the locals with a formidable confidence that will not easily be overcome.

PULLED STUMPS TO MUSIC.

Brass Bands Played to Lighten Labor In Canadian Army Camp.

Camp Borden, Canada.—Never before was stumping done to the accompaniment of martial music. Four battalions were engaged the other day in uprooting old pine stumps while their brass bands played in the midst to lighten the labor and to allay any pain old Mother Earth might feel in the process of extraction.

About a million stumps have been removed in the camp area. As the ground is sandy, the roots are easily pulled up with a stumping machine. They are then gathered together in heaps and set on fire. The sight of these bonfires on the plain at night in the vicinity of the camp is reminiscent of Homer's Iliad.

FINED \$50 FOR KILLING BEAR.

Pennsylvania Hunter Was Also Forced to Surrender Cubs.

Warren, Pa.—It cost James Nolan of Morrisons, near here, \$50 and costs for killing a mother bear out of season.

While Nolan was out fishing near his home he discovered a female bear with two small cubs wandering through the forest. He quickly returned to his home and, getting his rifle, went back to the forest and killed the bear with one shot.

After killing the bear Nolan took the cubs to his home, where he was feeding them from a milk bottle, when L. K. Hogarth, state game warden, placed him under arrest. Hogarth took charge of the cubs.

RUSSIANS SCORE IN ARMENIA

Occupy Town of Mush and Take Many Prisoners.

HOT FIGHTING ON SOMME

British and French Forces Push Forward, the Latter Taking the Town of Maurepas—Railroad Center Held by the Germans Now Threatened. Bulgarians Report Successes in Greece—Review of Operations.

London, Aug. 25.—According to the British war office, the French and British forces have made substantial gains on the Somme front. The town of Maurepas has fallen to the French, who have pushed forward more than 200 yards beyond the town on a front of a mile and a quarter. The British report a 300-yard advance south of Thiepval and the capture of many prisoners.

The capture of Maurepas leaves Clery almost surrounded and brings the French directly in front of the important railroad town of Combles. Thiepval is in about the same position as Clery, and the allied front, as described, now resembles the teeth of a great saw between which the Germans are tenaciously holding the ruins of several villages.

Dispatches from the Somme front indicate that the French are preparing to extend their offensive for a distance of 30 miles south of the present battle line. They are reported to have opened a tremendous cannonading from Estres to Lassigny and the bombardment is said to have reached an unprecedented intensity the last two days.

No change is reported from the east, but the Russian offensive in Armenia apparently is assuming powerful proportions. Petrograd reports the occupation of important Armenian town of Mush and the capture of 2,300 prisoners at Rachta.

The Bulgarian war office announced the defeat of the allied forces along the Struma river on the Macedonian front in northern Greece. The statement says the entente forces under General Sarrail took flight, leaving the ground covered with dead. Large quantities of ammunition and supplies, including eight machine guns, were captured by the Bulgarians. The Struma river follows an irregular course through northeastern Greece, cutting across the open country along the northern shore of the Aegean sea. The importance of this line lies in the fact it shuts off the allies from the easiest route into Bulgaria, if an invasion should be attempted.

NEWT SPEAKS

(By American Press)

Waterville, Me., Aug. 25.—Vigorous praise for the administration's European and Mexican policies was the outstanding feature of an address here by Secretary of War Baker, principal speaker at a meeting held in connection with the Democratic campaign in Maine in behalf of President Wilson. The president's course, Mr. Baker said, has infused the spirit of the declaration of independence and of the Golden Rule into this country's foreign relations.

"The administration has kept the peace," said Mr. Baker. "It has done unto Mexico as we would be done by and has infused the spirit of the declaration of independence and of the golden rule into its foreign relations. It has maintained friendly relations with the European belligerents and placed this country in a position from which when the end of the great war comes the great moral forces of the United States can be exercised in the interests of justice and humanity."

FLEET READY

(By American Press)

London, Aug. 25.—For the last fortnight word has been coming from Germany of the construction of huge Zeppelins, capable of carrying several tons of explosives. The German correspondents hinted that these new sky dreadnaughts would move against London and Paris during September and October, when weather conditions are apt to be favorable. The British war office announced that the Zeppelin which raided the English coast Wednesday midnight did no damage. It is believed to have been a reconnoitering flight.

QUITTS THE JOB

(By American Press)

Columbus, Aug. 25.—As a result of the agitation that has been stirred up in Franklin county over arbitrary increases in tax valuation by the county board of revision, State Tax Commissioner James Boyle tendered his resignation to Governor Willis. The governor is in Maine, but it is believed he will accept Mr. Boyle's resignation. Ten minutes after announcement of Boyle's resignation, J. H. McGiffert, chairman of the state tax commission, made public an order by the commission directing County Auditor H. Sage Valentine "to totally ignore and disregard all changes in the personal property returns of individuals made by the county board of revision of Franklin county at its June session." This throws all "arbitrary" increases

Georgia Congressman Confers With Wilson on Railroad Situation.

OBJECTING TO PARTS OF PLAN

Railroad Leaders Discuss Freight Rate Increase.

FINAL ACTION DELAYED

Hope Expressed, However, That a Decision May Be Reached by the Managers Today—Special Committee Holds Short Conference With the President—Some of the Points Threshed Out.

Washington, Aug. 25.—Objections which developed at a meeting of railroad presidents and managers to points in the tentative plan evolved by the committee of eight presidents, considering ways to avoid the threatened general strike, resulted in a further postponement of final action.

The conference adjourned to meet again this afternoon and, as one president phrased it, the situation is such that "it may be settled in 20 minutes or the matter may go over until next week."

The special committee's plan, drafted after a week's consideration, would provide for granting an eight-hour "basic" day to the trainmen, but with assurance that every effort would be made by the administration to secure a freight rate increase to recompense the roads, and further assurance that Congress would be asked to enact legislation to insure settlement of future labor disputes through an investigating commission.

The entire plan has not been laid before all the executives and managers, but its points have been discussed at the various conferences. It developed that objection had been raised to the freight rate increase feature on at least two grounds. It was argued by some that there can be no assurance of a rate increase, because no one could say what the interstate commerce commission might do; and that some of the most important shippers of the country already have made it plain that they are not in sympathy with any move which may mean a rate increase.

It also was pointed out that although President Wilson has expressed his belief that such a rate increase should be granted if the eight hour day is given the employes, no one can tell how the next election is coming out and that there can be no possibility be an increase before next March or probably later.

Attention was called, too, to the fact that the commission hitherto has held that it cannot consider wage standards in dealing with proposed rate increases, although legislation by Congress might remove that difficulty.

The principal arguments against the idea of a permanent commission for the prevention or settlement of strikes were that it would almost certainly be fought by labor in Congress, and that while President Wilson might be entirely willing now to back such legislation, he might not be in a position to do so when it was proposed. Representatives of the brotherhoods who heard of this phase of the plan were plainly against it.

SENATOR BORAH TO SPEAK IN THE OHIO CAMPAIGN

(By American Press)

Washington, Aug. 25.—Representative Bascom Slemp of Virginia, who has charge of the assignment of speakers for the Republican congressional committee, made known that Senator Borah of Idaho will be sent into Ohio for an extensive tour of the state the latter part of September. This move is in the interest of capturing the Progressive vote for Hughes and Fairbanks.

SEEM TIMELY

(By American Press)

Toledo, Aug. 25.—The Twelfth Ward Improvement league, which is circulating recall petitions against Mayor Milroy, announced it wants the recall because, it alleges, Milroy violated nonpartisan provisions of the charter in his appointments; tried to build a political machine; failed to improve city's financial condition; showed himself inefficient during the financial crisis and otherwise showed incompetency.

The league has called a general mass meeting for tonight. Politicians already are grooming candidates. Supporters of George A. Murphy, former police chief, who as a candidate for mayor received more first choice votes than Milroy, will help circulate petitions.

The Continental Tailors Fall Season Opens Today

That's a piece of news that good dressers will receive with interest—it means a lot to such men—and you're one of them. The Continental Tailors make clothes for good dressers—make them to measure—guarantee them in every way.

The first point that will interest you is woolens and patterns—that point has been splendidly covered. You've never seen a wider selection—and you've never seen a wide selection that was so universally attractive.

The next point you'll consider is style and tailoring and fit—if you decide upon any style the Continental Tailors offer, you'll have a good style. And the tailoring will be hand tailoring throughout—the fit will be perfect and guaranteed.

The Continental Tailors of Chicago offer you good made to measure clothes at moderate prices.

VISITS WITH THE "SAINTS"

(By American Press)

Salt Lake City, Aug. 25.—Charles E. Hughes, speaking before an audience that crowded every available foot of space in the great Mormon tabernacle here, assailed the administration for "specious disregard" of the civil service regulations in making appointments, declared that he stood for faithful observance of the civil service and asserted that he would extend its sphere, if elected. Mr. Hughes spoke with the Democratic candidate for governor sitting on the platform, and with other Democratic candidates and party officials, specially invited guests, in the hall.

daughter Lois—whatever relations that made them.

Pierpont Stafford, banker and railroad magnate, with his sixteen-year-old daughter, Gloria, is wintering at Palm Beach. Gloria is a vivacious but willful young lady who chafes under the restraining hand of a governess from whom she repeatedly escapes. Her childish caprices cause young Doctor Royce to fall in love with her. She steals from her room at night and in an auto plunges into the surf where she leaves the car. Becoming lost in the everglades she falls into the hands of the Seminole Indians. She is rescued and returned to her father, who had offered a reward for her return. Gloria falls in love with her rescuer, Frenneau. Five years later she leaves school and meets Frenneau at the theater. His attention having been forgotten, Gloria, Gloria feels that her career is shattered. Later Frenneau persuades her to forgive him. Gloria's sister-in-law, Lois, becomes intensely jealous and Doctor Royce disappears in her an ally to assist in thwarting Frenneau.

FIFTH EPISODE

The Gathering Storm.

"Daughters are dangerous charges," Pierpont," said Judge Freeman. The two elderly men stood watching the dance which was in full swing at the coming-out party of Gloria Stafford. The men were related to each other by marriage—the marriage of Stafford's son David and Freeman's

and an older guardian, felt cut to the quick as she passed directly in front of him in Frenneau's embrace. He could see the look of perfect joy in her glorious eyes, and there was rapture in the whole happy swing of her youthful body. Anger at Frenneau's unworthiness of this pure being almost choked him. When another man took Gloria away from Frenneau for the last half of the dance, and Frenneau reluctantly walked away, Royce asked for a word with him, moving toward the library, where they could be alone. Frenneau followed with uneasy bravado. Once safe from observation, Doctor Royce let his rage break forth.

Pierpont felt suddenly terribly afraid for his son's honor, and a gnawing ache in his heart for Lois' father, who stood beside him. But it was far too delicate a situation for the two men to discuss—yet.

"Children are hostages of fortune," as Bacon, the playwright, said." Pierpont murmured, putting his hand on the other man's arm. "After all, how little it is we can really save them from!"

Washington, Aug. 25.—Mail reports of a "manifesto" recently issued by Admiral Von Tirpitz, former head of the German navy, calling for an unrestricted renewal of submarine warfare, have been received from Berlin by the state department. The "manifesto" was issued about a month ago. It declared renewal of submarine operations would cripple England seriously and do no harm so far as the United States was concerned as that country already is doing Germany as much damage as she possibly could, even in a state of war.

Senator Hitchcock Has Prepared an Amendment to the Revenue Bill.

By Associated Press Dispatch.

Washington, August 25. — Senator Hitchcock, Democrat, has prepared an amendment to the revenue bill, now being discussed, to check the soaring prices of news print paper.

He said he would bring it up in the Senate when certain sections of the bill were reported for debate. Hitchcock is himself a newspaper publisher.

Under his amendment, paper now selling at \$40 a ton and under would not be taxed, but that above that price a tax of \$1 a ton would be levied on paper up to \$45 a ton, after which a tax of \$3 a ton would be imposed, and the tax would gradually mount to \$40 a ton when paper was \$90.

He said the cause of the recent rise in the price of paper was due to increased consumption, and that many manufacturers are taking advantage of the shortage to charge papers on new contracts as high as \$80 and \$90 a ton.

His amendment, he said, is planned to stop the manufacturer from charging exorbitant prices.

LAKE CLAIMS
GUARDSMAN

Corporal of Co. F,
Third Regiment,
Drowned While
Bathing in Lake.

By Associated Press Dispatch.

Cleveland, O., August 25. — Corporal Harry Lucas, aged 20, Company F, Third Regiment, Ohio National Guard, of Newark, Ohio, was drowned last night while bathing in Lake Erie. Corporal Lucas came here yesterday to spend the day with the family of A. P. Shupe.

Miss Jeanette Shupe was bathing with Lucas and made a gallant but vain attempt to save his life.

She dove off a raft to his assistance and managed to get within a yard of safety, when a big wave broke over the pair and Corporal Lucas was washed from her grasp and disappeared beneath the surface.

Lifesavers are dragging for the body this morning.

Tax Commission Is
Endeavoring to See
How Wide Spread
the Outrageous
Franklin County
Plan Was.

By Associated Press Dispatch.

Columbus, O., August 25. — The Ohio State Tax Commission, in investigating the actions of the Board of Revision of Franklin County in advancing the assessments of taxpayers in the county without suffi-

cient evidence or an opportunity being given the taxpayers affected to be heard, has undertaken an investigation of the entire state, to learn if a similar situation exists elsewhere.

In a letter sent out by the commission today to every board of revision in Ohio, the Commission explains that such advance in assessment is repugnant to the law and has been expunged in Franklin county.

The Commission further directs each county board of revision to report if such a situation obtains in its territory, together with the names of all taxpayers so affected.

If such a situation exists in any county, the Commission announces that it will immediately rectify it.

ARBOR DAY IN SPAIN.

A Custom That Was Copied From Our Tree Planting Festival.

You are prone to think, since America is the youngest of all the nations, that all our customs are derived from some older people, in whose national life a part of our population had its source. Did you ever hear of an old European country adopting a custom that originated in the United States? When you read of the Fiesta del Arbol in Madrid you are more than likely to assume that it was the tree planting day that gave a suggestion for our annual Arbor day.

Would you be astonished to learn that the Arbol fiesta was patterned directly after our American festival or holiday, when trees are planted by the children of the public schools? That it was copied after our custom is not difficult to establish, for the first festival of this kind was held in Madrid in 1896, having been inaugurated by the young king and his mother. At that time we had been celebrating Arbor day in the United States for more than twelve years.

In that country the event has come to be of real significance, since it is national, whereas in our country it is under the direction of the individual states. Every year the school children are not only commanded to plant young trees, but they are taken to inspect the planting of previous years and are impressed by their teachers with the importance of conserving the forests of their native land.

In his first Fiesta del Arbol address King Alfonso announced that the idea was borrowed from the United States, and it was regarded as of so much value that not even the rancor of the Spanish-American war sufficed to interfere with its observation.—St. Louis Globe.

The Number Nine.

There were nine earths, according to medieval cosmogony, nine heavens, nine rivers of hell and nine orders of angels. The number being perfection since it represented divinity was often used to signify a great quantity, as in the phrases, "A nine days' wonder," "A cat has nine lives" and "Nine tailors make a man." In Scotland a distempered cow was cured by washing her in nine surfs. To see nine magpies was considered extremely lucky. Nine knots made in a black woolen thread served as a charm in the case of sprain. It was also believed and is still by some that if a servant girl finds nine green peas in one pod and lays them on the window sill the first man that enters will be her beau. Nine grains of wheat laid on a four leaved clover enable one, it is said, to see the fairies.
